Group Health Insurance Scheme

Health Insurance is being recognised by New Zealanders today as an extremely valuable cover to have. SCION also recognise this need and has put in place a Group Health Insurance Scheme offered to all employees which is underwritten by Southern Cross and administered by GHIL.

COMPANY OFFER

Though membership to this group is on a voluntary basis there are certain costs associated with the administration of this scheme, which will be absorbed by SCION.

By doing this your employer has secured you access to certain benefits and concessions which otherwise would not be available.

Some of the benefits of joining this Group Scheme are:

- Immediate Cover:** Private individuals are usually required to hold insurance for 3 months before they can claim. For SCION members, this stand-down period is waived and immediate cover is provided.
- Cheaper Premiums:** SCION has secured Group Rates for their employees.
- More than one Option:** Southern Cross's VIP Plans provide an excellent range of building block style options that are additions to a quality hospital base plan. These plans cater for employees individual differences.
- Excellence in Service:** Group Health and Life provide an excellent service. They will personally explain the benefits & help fill out the application form with SCION employees. If a problem arises, you have access directly through their 0800 number to make sure it's sorted out.

Why the Need for Health Insurance?

There are a number of important reasons why you should have health insurance. Here are just a few:

- ***Financial Security*** - Health insurance gives you the security of knowing that when you do get sick, the financial element of obtaining the health care you need is taken care of. At a stressful time when you should only be thinking about getting well again the worry of paying the medical bills is removed.
- ***Access*** - For many people public hospital waiting lists are a concern. As at March 2000 over 51,000 people were on waiting lists and there are now some medical services that realistically are no longer available through the public system. Health insurance offers the comfort of knowing you can get the best treatment available quickly when it is needed.
- ***Family*** - Many people have a greater concern for health issues when they start a family, particularly in the first few years, as this can be an expensive and worrying time. Health insurance can help you concentrate on keeping your family in good health and not worry about the costs.

Your health is your most important asset and having health insurance will help you achieve your goals in life.
